**STATEMENT OF INTERVIEW SUBSTANCE**

TO THE COMMISSIONER OF PATENTS:

The following is in reference to the telephonic discussion of the application on March 14, 2007 among Examiners Abdou Karim Seye and Tuan Dam and the undersigned:

Claim 1 was discussed. U.S. Patent No. 7,010,303 to Lewis, et al. was discussed. The Applicant's attorney argued that the Lewis reference fails to teach mobile agent objects that are the subject of the claims. The Applicant's attorney proposed to and, in a response to the Final Office Action, did amend the claims to include at least one limitation defining mobile agent objects so as to clarify claim scope.

Respectfully submitted,
